

2022 data collection

SDG indicator 12.7.1

UN 
environment
programme

Highlights from the national/federal reports and country scorecard

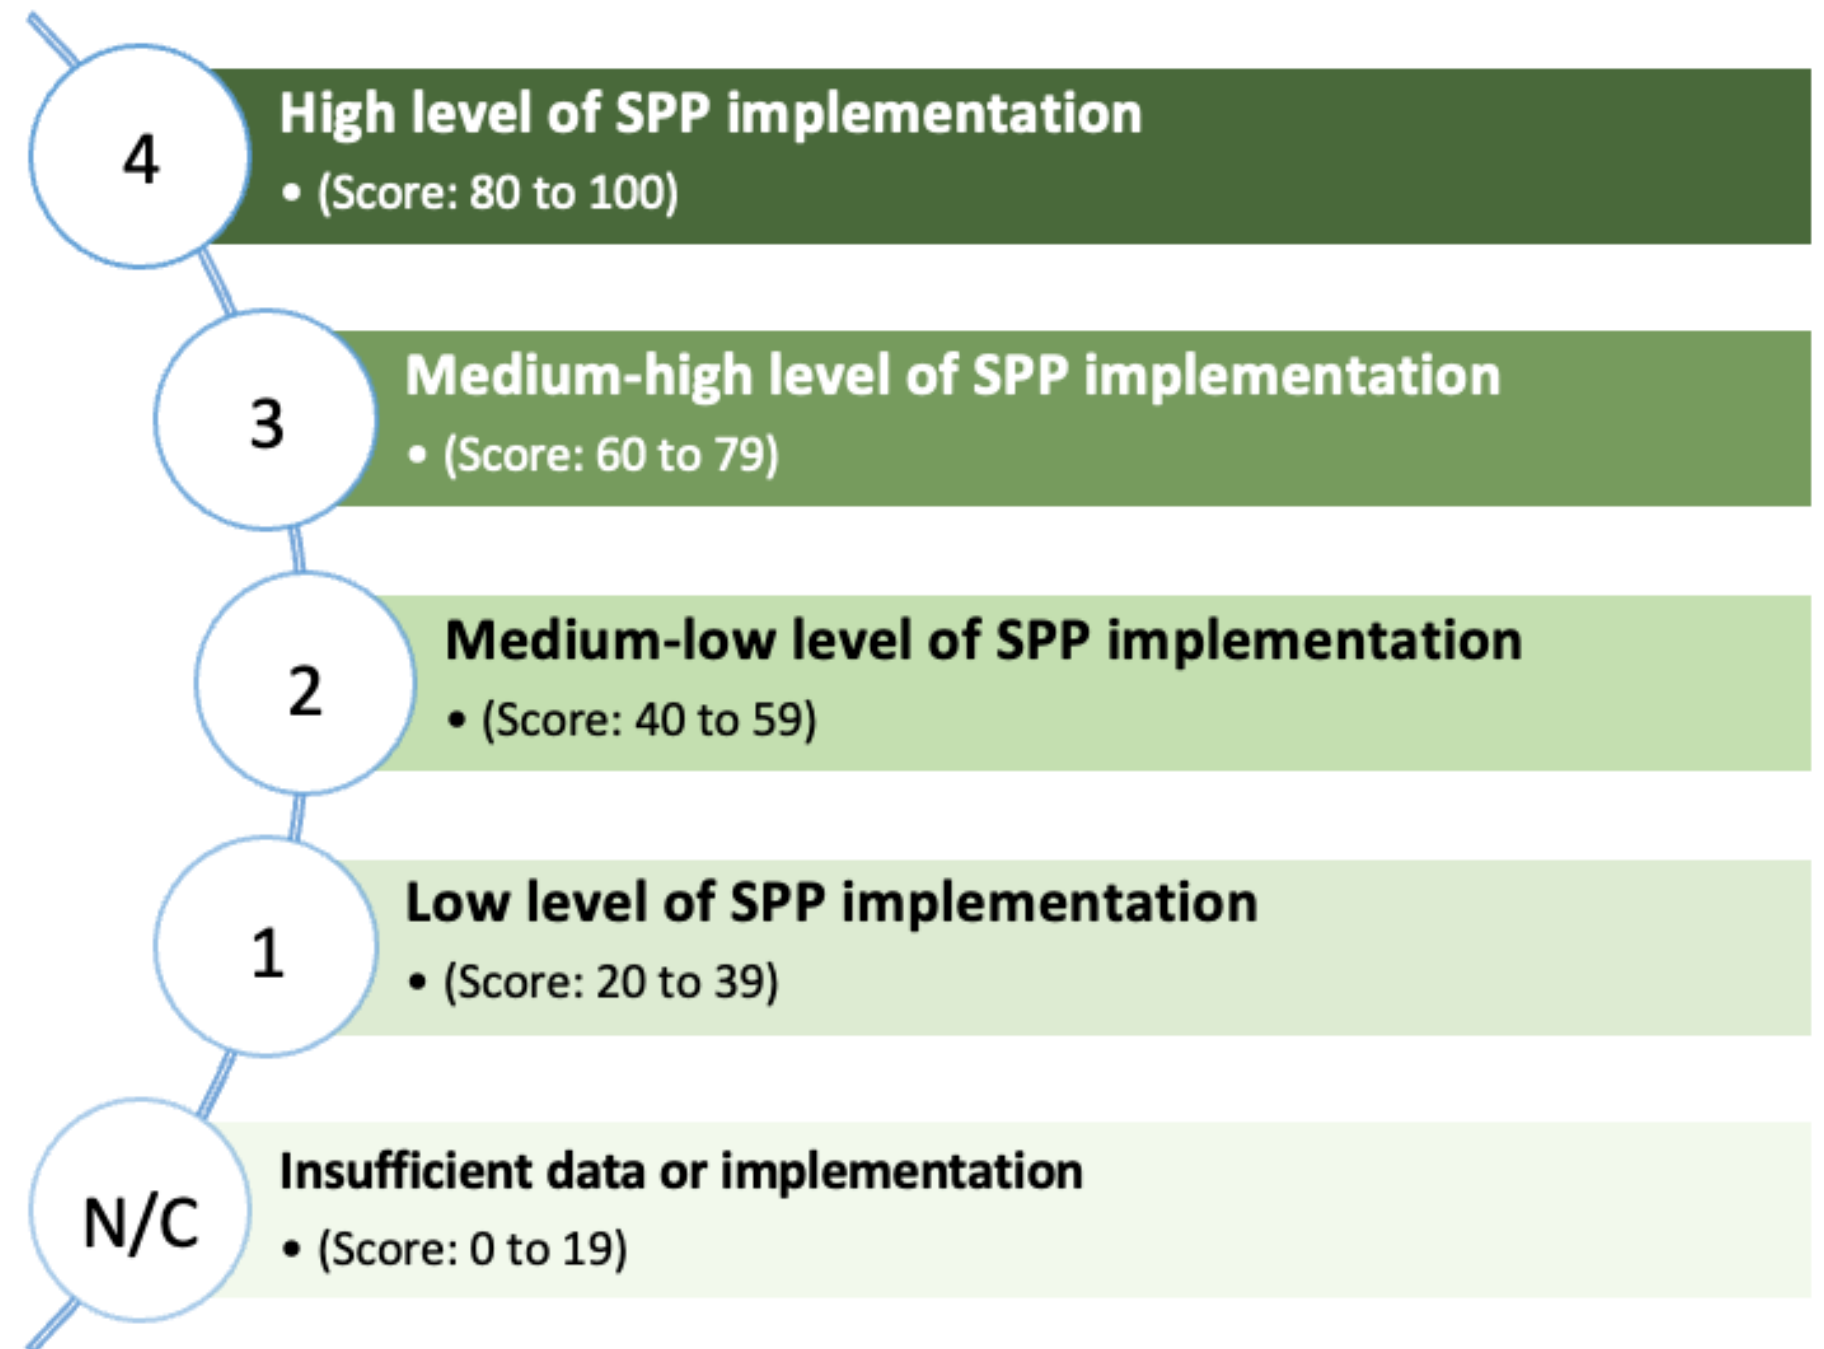

Germany

1. General information

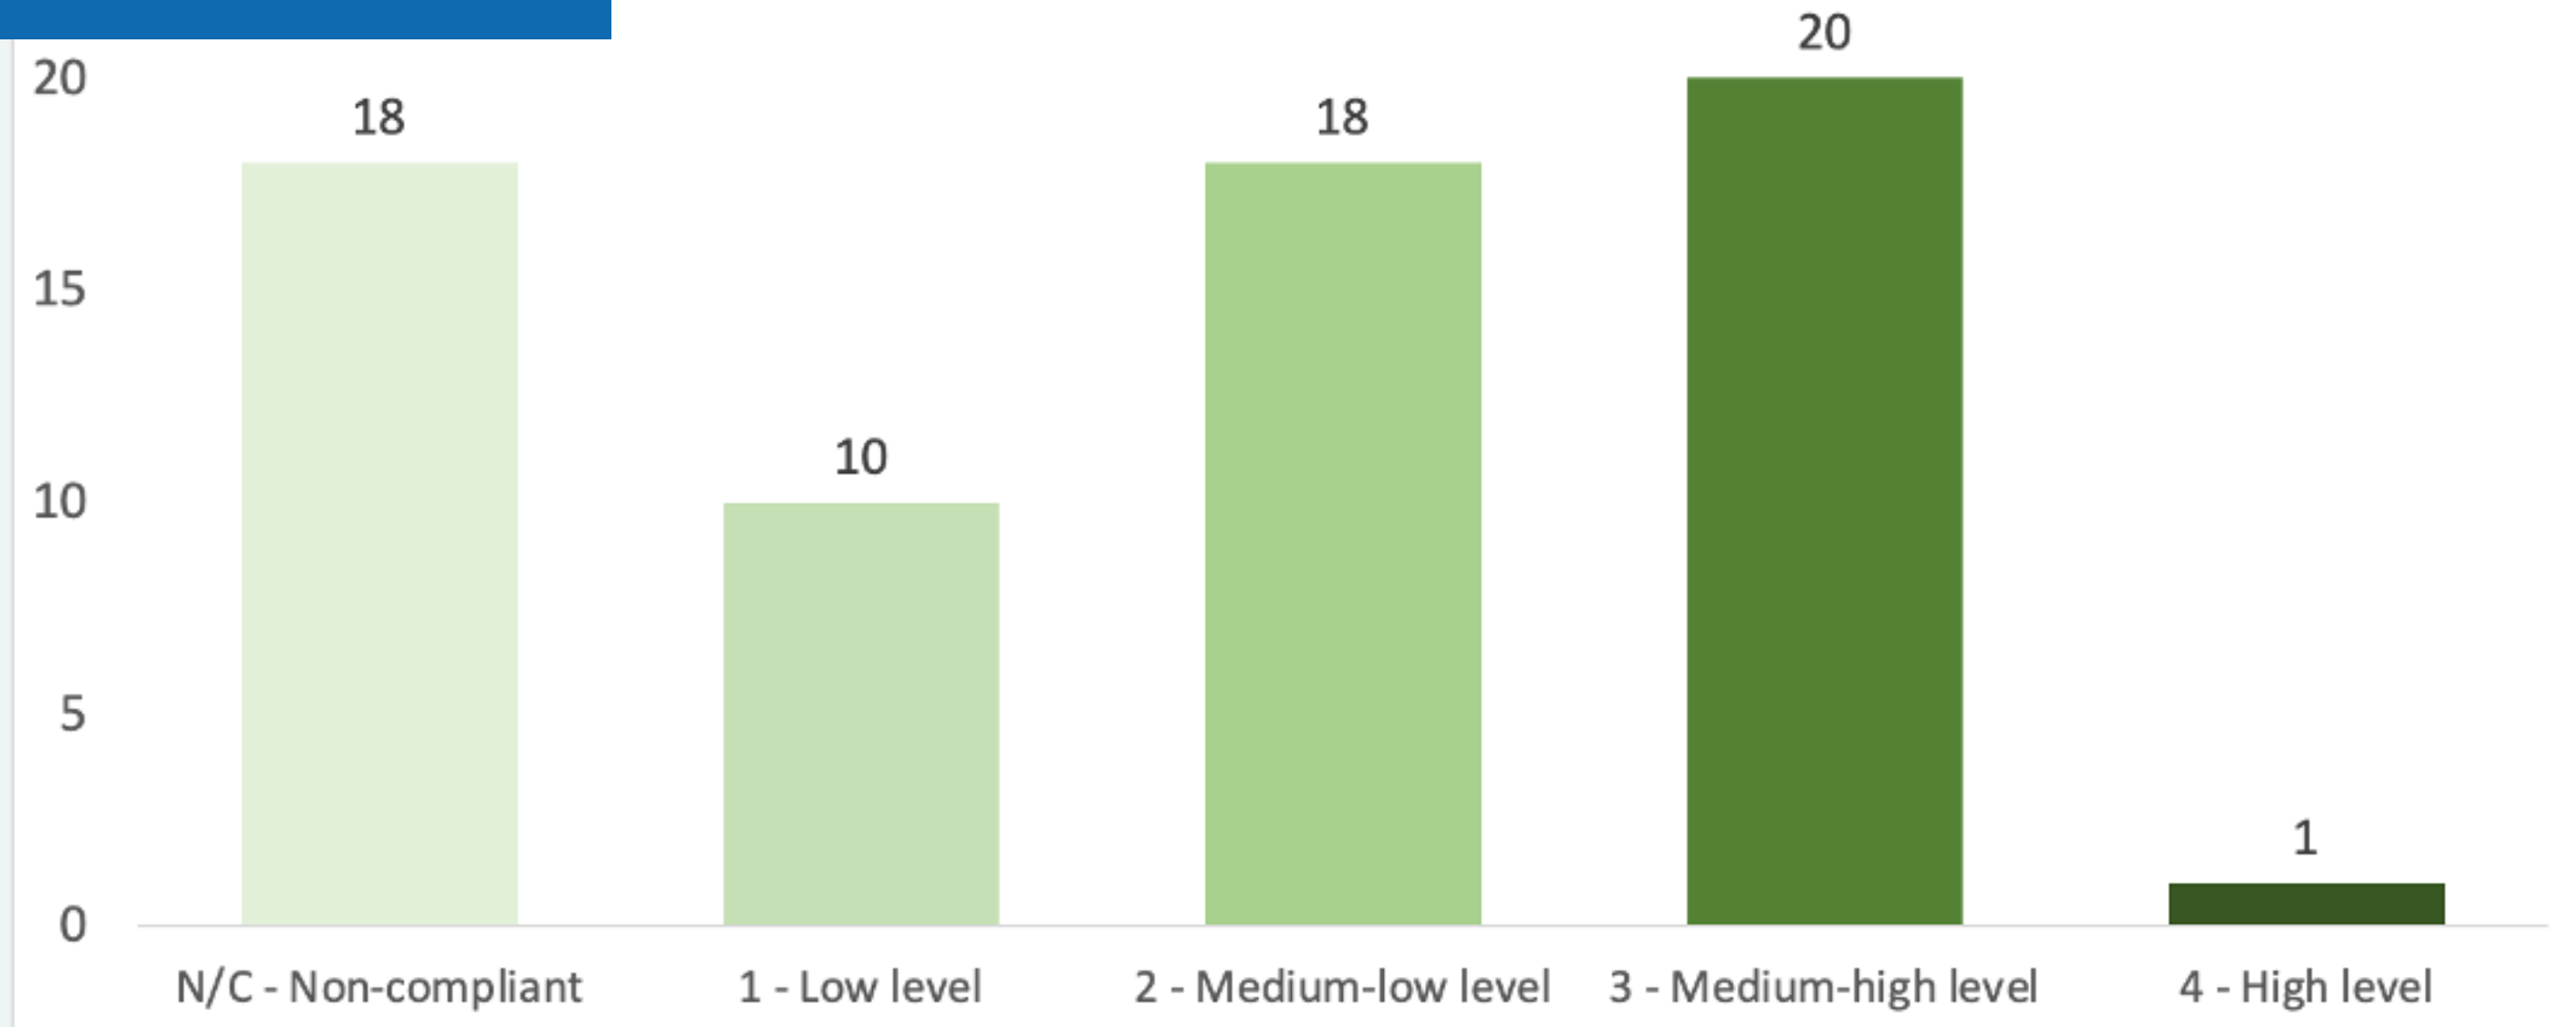

How was the level of SPP implementation assessed?

Maturity model based on calculated SPP implementation score.

2022 SDG indicator 12.7.1 data collection outcome

Distribution of national/federal reports submitted for 2022 data collection (total of 67 reports received) into 5 set categories.

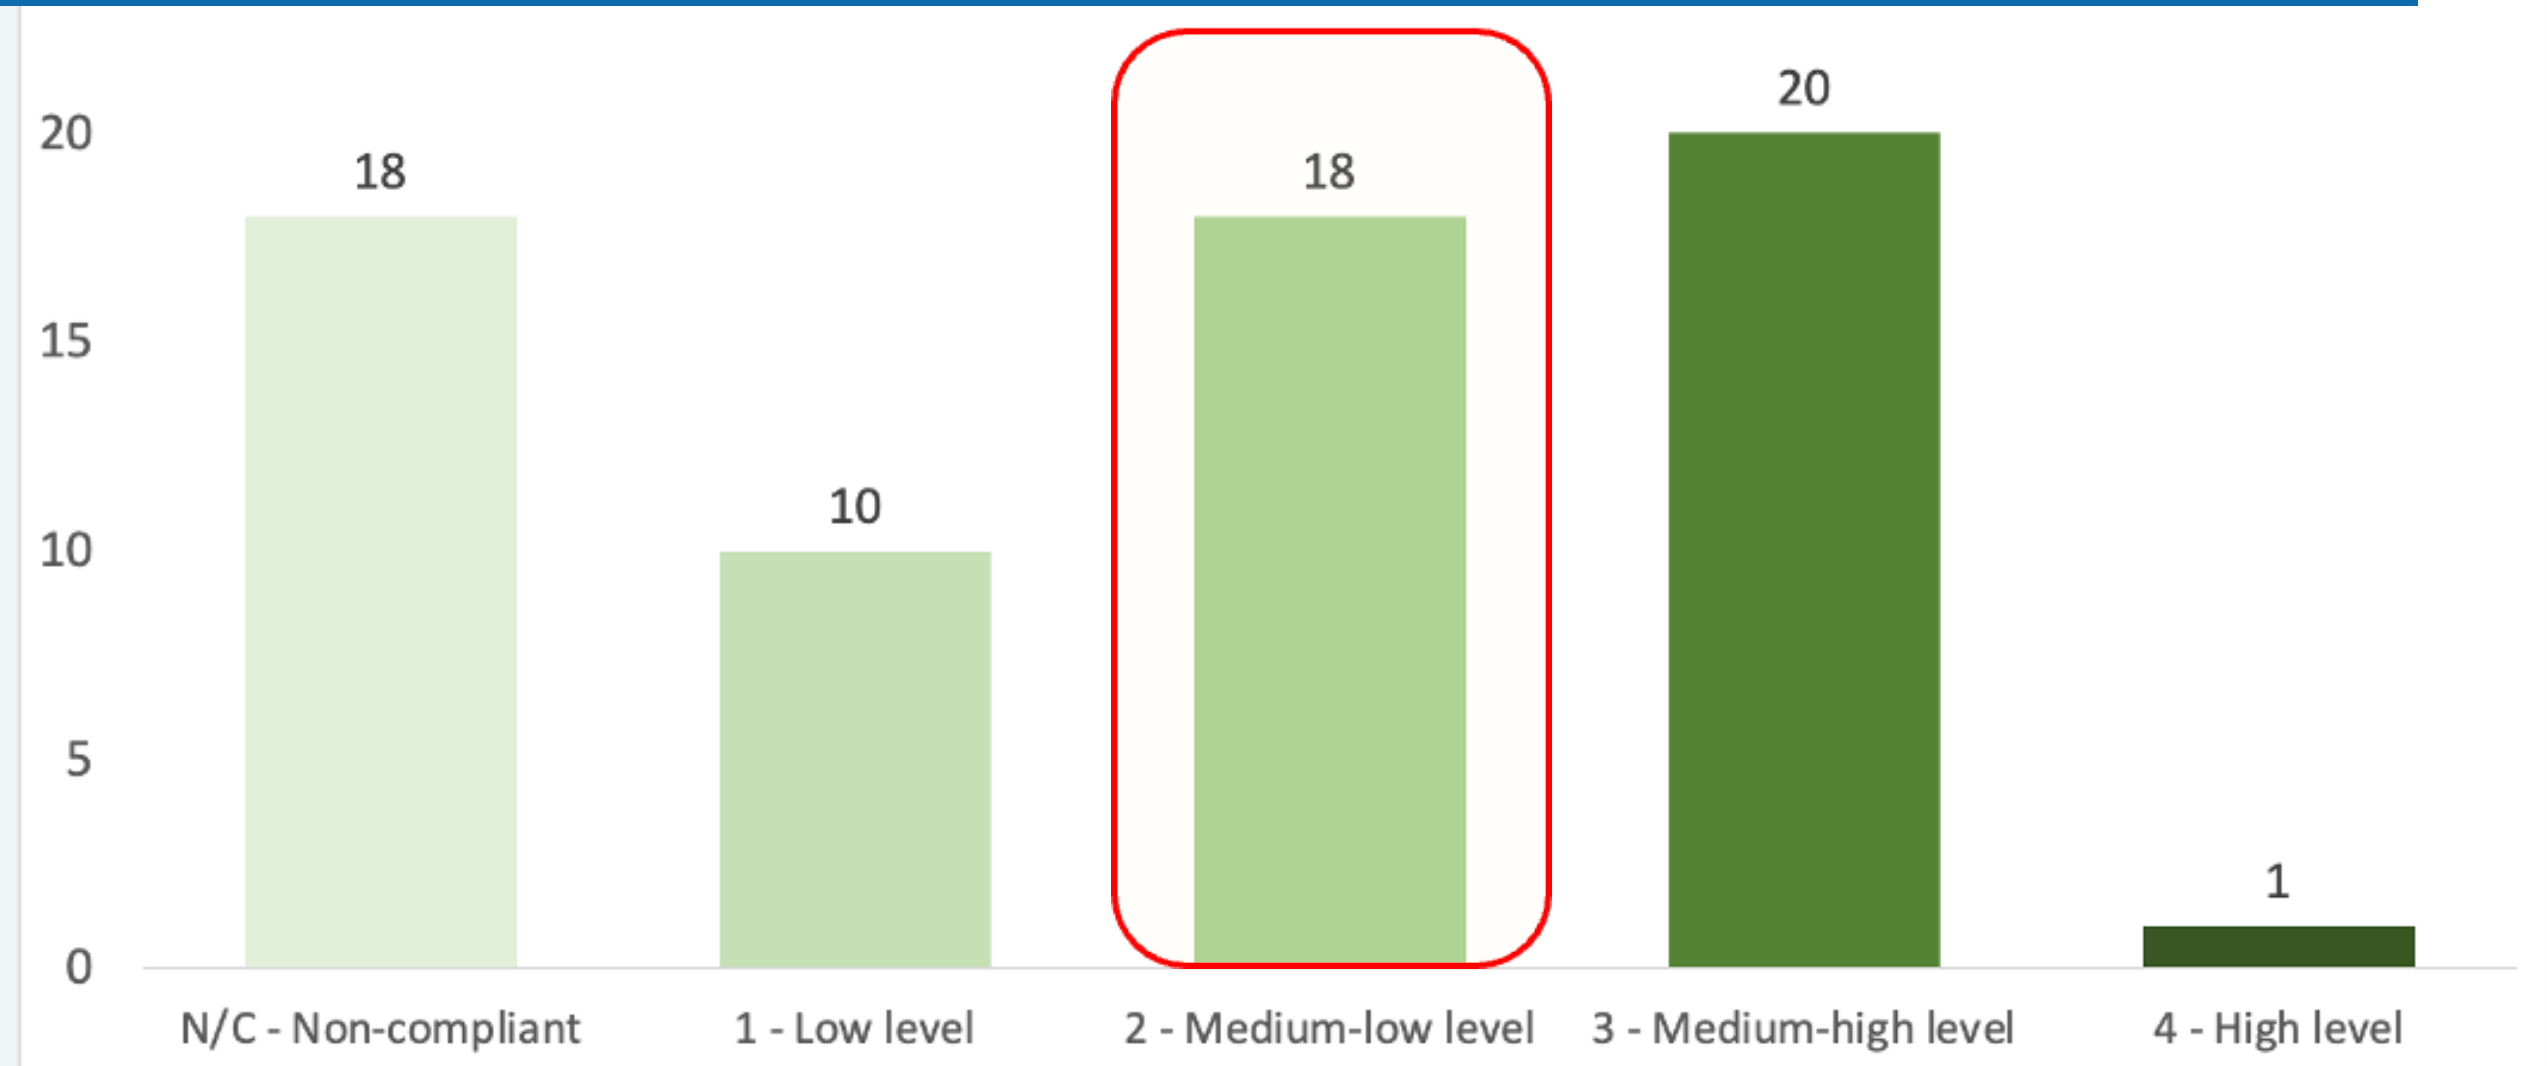

1. National scorecard

2022 SDG indicator 12.7.1 data collection outcome

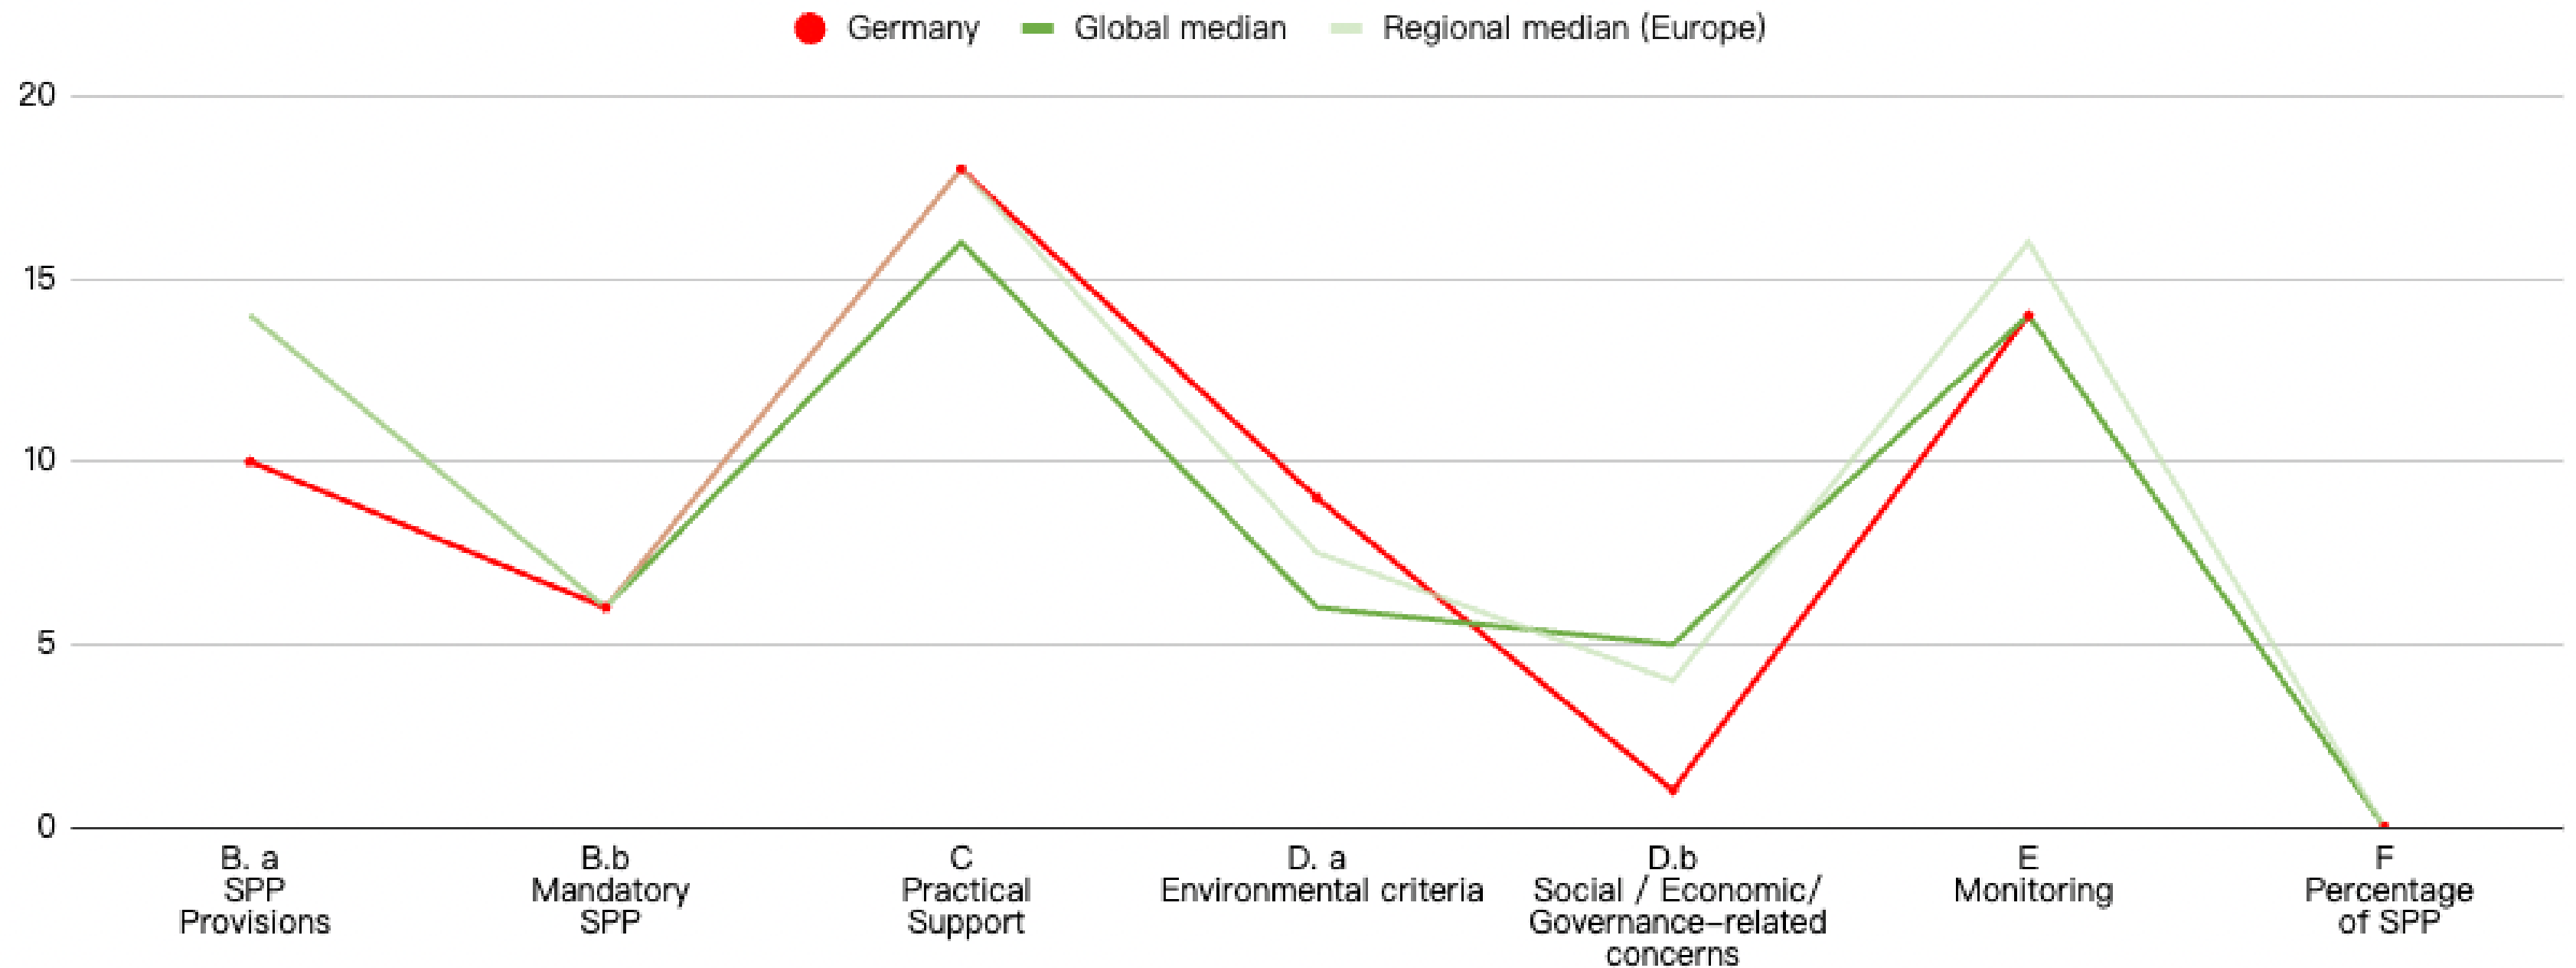

Based on the information (and evidence provided) in the report and the defined evaluation system, the overall SPP implementation score for Germany is 58. It was therefore categorized as Medium-low level.

**58/
Medium-low
level**

Overall performance across sub-indicators

Germany has a higher score in Environmental SPP Criteria compared to the global and regional median and shows good performance in Practical Support, matching the regional median and better than the global median level.

Good performance and opportunities for improvement

		Overall SPP Implementation Level	A SPP Policy / Action Plan	B (a) SPP Provisions	B (b) Mandatory SPP	B. Legal framework	C Practical Support	D (a) Environmental criteria	D (b) Social, Econ., Gov-related concerns	D (c) Risk-Assessment and Impact Prioritisation	D SPP Criteria	E Monitoring	F % of SPP
	Country 2022	2.00	1.00	10.00	6.00	16.00	18.00	9.00	1.00	/	10.00	14.00	0.00%
	Country 2020	2.00	1.00	10.00	6.00	16.00	20.00	2.00	1.60	4.00	7.60	4.00	0.00%
	Max	4.00	1.00	14.00	6.00	20.00	20.00	10.00	10.00	/	19.50	20.00	44.00%
	Mean	2.24	1.00	12.12	4.53	16.65	14.33	5.41	4.45	/	9.86	11.18	6.00%
All governments:	Median	2.00	1.00	14.00	6.00	18.00	16.00	6.00	5.00	/	9.50	14.00	0.00%

	Good performance
	Room for improvement
	Missing data or information

Feedback

- Good performance in sections A: SPP Policy/Action Plan, B(b): Mandatory SPP, C: Practical Support, D(a): Environmental SPP Criteria, and E: Monitoring.
- Improvement in D: SPP Criteria and E: Monitoring compared to the performance in 2020.
- There is room for improvement in B(a): SPP Provisions and D(b): Social, Economic, and Governance-Related Considerations.
