

SDG Goal 7 Affordable and clean energy

SDG Target 7.1 By 2030, ensure universal access to affordable, reliable and modern

energy services

SDG Indicator 7.1.2 Proportion of population with primary reliance on clean fuels and technology

Time series Population with primary reliance on clean fuels and technology

1. General information on the time series

• Date of national metadata: 25 June 2024

• National data: http://sdg-indicators.de/7-1-2/

• Definition: The time series measures the share of the population with access to clean fuels and technologies for cooking, heating and lighting.

• Disaggregation: Not available.

2. Comparability with the UN metadata

• Date of UN metadata: October 2023

• UN metadata: https://unstats.un.org/sdgs/metadata/files/Metadata-07-01-02.pdf

• The time series is compliant with the UN metadata.

3. Data description

• For countries classified as high-income according to the World Bank country classification, it is assumed that a complete transition to using clean fuels and technologies has been made. Therefore, for these countries no data are collected and it is assumed that 100 % have access to clean fuels and technologies.

4. Access to data source

• Not applicable.

5. Metadata on source data

• Not available.

6. Timeliness and frequency

• Timeliness: Not applicable.

• Frequency: Not applicable.
